Joachim invites you to participate in his advanced level seminars

Using Powerful Remedies of Nature for Healing

which will take place in Brazil, Rio de Janeiro, Espaço Palmares:

2021, March 19th – 30th

and

2021. April 2nd – 13th

Espaço Palmares is situated on a hill, in peaceful area of beautiful ocean jungle. This property is not a hotel, it is more like a big, luxury family house, recently renovated. It was designed with the intention to bringing friends together for self-growth practice. One can feel that the local powerful nature influence, so-called 'energy', is very suitable for mind and body exercises and for self-healing.

The owners and the staff of Espaço Palmares are very friendly people, willing to help and facilitate our stay as much as possible. The design of the building and garden are very suitable for intimate gatherings. In fact, when we live there together, we will be filling close friends or even family-like atmosphere. Such unforgettable experience is exactly what we need.

You can see many pictures and films of Espaço Palmares property and its surrounding area here: http://servilo.website.pl/fotoj/brasil/espaco_palmares/ and <http://filmoj.info/brazil/>

The maximum number of participants is limited to 20 friends; we cannot accept more because we care about quality, comfort and safety.

The entire seminar is design with the goal of helping you deeper understand your psyche. While learning about and discovering your inner yourself, you can make significant changes in your life, thus benefit your body and psyche health, your relationships, your life circumstances.

We are going to study a little theoretically and have much practise. Boris Zanotti and Victor Macas will be our night and day ceremony masters. Based on their knowledge, they will help you to properly apply powerful plant remedies to solve your psyche and body issues. Joachim will be assisting you too.

Most of the sacred night and day ceremonies will be held on the top of a hill where nature's powerful, supportive energy of Earth and sky are clearly sensible. Strong, beneficial support from nature.

Very important: March and April are Autumn in South America. On the top of the hill is cold at night. Please, make sure that you have several layers of cloths. Also, very important, have a few blankets to sit and lie on thick isolating surface. Consider to take a tent with you. In case it rains or is windy, you will be much more comfortable in your tent.
